

CATALYTIC GREEN FUND

An initiative by

Latimpacto

GREEN
CLIMATE
FUND

With the support of

Foundation

Coca-Cola América
Latina

An initiative by IDB Lab and Latimpacto

That mobilises **USD\$ 5 million** to support social and environmental impact solutions that contribute to the reduction of greenhouse gas emissions and the promotion of innovation in natural capital as a net-zero tool.

The fund will help overcome technical, financial and knowledge barriers faced by bio-businesses (particularly in the Amazon region) and green entrepreneurs.

A fund for Latin America and the Caribbean

Amazon Basin:

Colombia, Brazil, Ecuador, Peru, Suriname and Guyana

Southern Cone:

Argentina, Chile, Uruguay, and Paraguay

Mexico, Central America, and the Caribbean:

Barbados, Bahamas, Costa Rica, Jamaica, Mexico, Panama, Trinidad and Tobago

Andean Region:

Colombia, Bolivia, Ecuador and Peru

other actors in
the innovation
ecosystem

Entrepreneurship support entities focused on strengthening and financing projects, business models, companies and technologies (TLR4-TLR7) that seek value chains with zero net emissions and/or decarbonization.

Focus on decarbonization

INNOVATIVE TECHNOLOGY COMPANIES

They develop technological solutions for agriculture, forestry and other nature-related sectors. They have a strong focus on decarbonization and energy efficiency.

NATURE-BASED SOLUTIONS COMPANIES

They implement ecological restoration, reforestation, agroforestry and other nature-based approaches. They work closely with local communities.

TRADITIONAL COMPANIES OPERATING IN RURAL AREAS

They seek to transform their production practices towards more sustainable models. Have a deep knowledge of the territory and local communities.

Sectors

Actividades prioritarias

Financial Instruments

Non-Reimbursable Technical Cooperation Operations (CTNR)

- It is expected that up to **five (5)** intermediaries in the **Amazon Basin** will receive financing.
- Strengthening business models and technologies that pursue **net zero emissions value chains**.
- They will receive funding of up to **USD 400,000**.

Non-Reimbursable Financing Operations for Investment (IGR)

- It is expected that up to **six (6)** intermediaries in **Latin America** and the **Caribbean** will receive financing.
- Strengthening business models and technologies that contribute to **decarbonisation**.
- They will receive funding of up to **USD 480,000**.

Expected Outcomes

11

Financed intermediaries

350

Business models and technologies strengthened and receiving funding

140

At least 40% of all initiatives supported are expected to be led or co-led by women

Expected Outcomes

600,000

Tons of carbon dioxide equivalent (tCO₂eq) reduced or avoided

250,000

Hectares of land or forests subjected to improved and effective management that contributes to reducing CO₂ emissions

Minimum Requirements - Entities

AMAZONIA

Entrepreneurship

Strengthen - 25

Financing - 3

LAC

Entrepreneurship

Strengthen - 40

Financing - 4

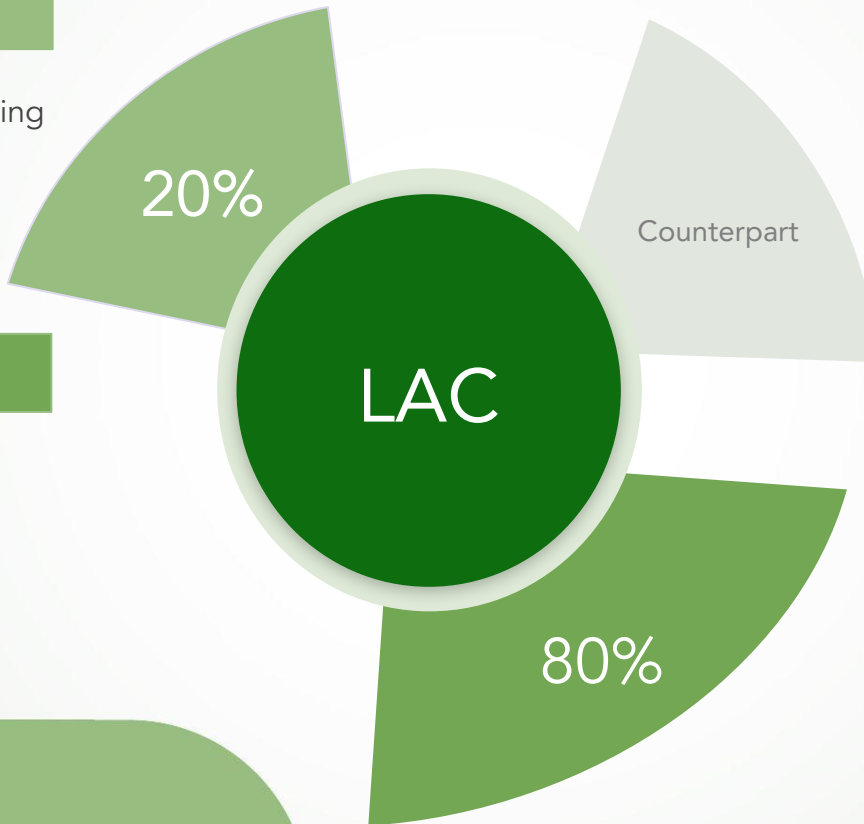

Resource Use

20%

To be used for strengthening

80%

They should be earmarked to finance 10% of the business models or technologies with the highest growth potential.

Counterpart

The entities must provide a 1:1 contribution to this fund.

Emerging Ecosystems: 70% in-kind - 30% cash

Mature Ecosystems: 50% in-kind - 50% cash

*If eligible, each case will be reviewed to adjust the in-kind and cash percentages.

Resource Use

50%
